

HEART OF THE WEST DISTRICT NEWSLETTER

Hello Fellow Civitans!

The HOTW District has had an exciting 3rd quarter!

I want to shout out a big “Thank You” to our Immediate Past Governor Deborah Maddox, our Governor-Elect Lynda Wheeler, our district treasurer John Maddox and Metro Phoenix club member Dawn Trapp for building a new Golden Circle club in our district. Thanks also to the Metro Phoenix Club and the Phoenix Bird Club for being the sponsoring clubs. On May 2nd we held the charter ceremony for The Village Civitan Club in Phoenix, Arizona. This is an all inclusive club that chartered with 30+ members! I had the honor of installing their new officers and presenting them with their charter. What a great day it was!

Other exciting news we were informed of last month was that our Bannock Civitan Club from Pocatello,

Idaho will receive the “**Dr. Courtney W. Shropshire Outstanding Civitan Club**” of the year for 2017-2018! Congratulations Bannock Civitans. This is an honor well deserved by your club.

I also want to Congratulate the Idaho Falls Civitan Club from Idaho for a well deserved honor as they will receive first place for “Outstanding Community Service Project” for 2017-2018!

These awards will be presented at the International Convention in July. In April, the Idaho Falls club signed up their 150th member which will make them reach the new club recognition level of “**Shropshire Club**”. Again, congratulations to the Idaho Falls Club.

I just received the month end reports and the HOTW District is in **FIRST** place in the Best Percentage category with 28% of its District and club officers having sponsored a new member this year! This is so exciting to see so many of you stepping up and sponsoring members!

Thank you, thank you, thank you, to everyone, not just officers who are sponsoring new members! Our district is showing a great increase in membership!

As in past newsletters, you can see by the articles and pictures that all of the clubs in the

HOTW District are actively making a difference in their communities. You all continue to use your “Civitan Hands To Make A Difference In The World”. Keep up the good work!

Our district convention is coming up **August 9-10** in Idaho Falls! Hope to see many of you there! Please get your registrations in as soon as possible!

As you can see by this newsletter, I am very proud of this district, the clubs and all of the dedicated members! You all make me proud to serve as your Governor!

Call me anytime – 208 589 3223

Virginia

CIVITAN INTERNATIONAL DIRECTOR REG. 8

ANN MCCARTY

Happy Spring, Fellow Heart of the West Civitans. This time of year is very busy for me and all Civitans.

Congratulations to the club builders of the new **Village Civitan Club** in Phoenix.

My position on the International board has also been quite intense with updates to the International policy manual. Please review the manual on the website under Member Resource Center (password Fellowship.) The International Board also is in the process of updating the new Protection Manual for Youth and Individuals with Disabilities.

There is a rebranding and new location for Sno Do. International will host a new leadership and fundraiser event for our Juniors in Birmingham, Alabama, starting 2020. The new event will be rolled out at the Juniors International Convention June 20-23, 2019. Also, Dance-A-Thon will have over a hundred Juniors dancing their way through Washington D.C June 21.

Our Adult International Convention has a lot of fun activities coming up In Greenville, South Carolina, July 2-6, 2019. Starting with golfing in the Civitan Break Thru Golf Tournament at River Falls Plantation Golf Course. So far the tournament has 44 golfers registered. If you would like to donate to our Bannock Team or any other Heart of the West golfers, go online on the Civitan website and support CIRC by supporting golfers.

Hope you are all attending the International Convention. The line-up of events are pretty darn amazing!

July 3: Welcome Party get your beach ware out!

Presentation of the World Citizenship Award and International Honor Key will be awarded.

July 4: Business Session, workshops, Civitan Fest, Philanthropy Session

July 5: Update on Junior Civitan, Fellows will be presented (Dr. Powell presentation CIRC), North American Awards

President Council Reception at the Children's Museum(transportation will be provided)

July 6: Elections and Membership Extravaganza, Light the Way Reception, Closing Ceremonies and Installation of new officers for 2019-2020

May 2019-Junior Civitan Report

Junior Civitan District Convention

The Heart of the West Junior Civitan Convention was held on April 6th, 2019, in Pocatello, ID. The convention was attended by 34 juniors and 7 adults. The 7 Academy of Tucson Juniors and 2 adults flew from Mesa, AZ on Thursday to Idaho Falls, ID. A van was rented to drive Tucson and Idaho Junior Civitans around the convention. On Friday, the Idaho Juniors took the Academy Juniors to the Craters of the Moon near Arco, ID. Junior Civitans were able to snow shoe and hear how Craters of the Moon were formed. On Saturday our meeting was held at the Clarion Inn. Elections for 2019-2020 Junior District Officers were held. Those elected were:

Governor- Dakota (Cody) Crabtree, Academy Junior Civitan (AZ)

Deputy Governor- Leah Van Horn, Pocatello Junior Civitan (ID)

Sec-Treasurer- Ashton Ziel, Shining Stars (ID)

PR Coordinator- Colton Powell, Shining Stars (ID)

Area 1 Lieutenant Governor – Madeline Butler, Academy Junior Civitan (AZ)

Area 2 Lieutenant Governor – ??? Las Vegas Community Junior Civitan Club (NV)

Area 3 Lieutenant Governor –Emma Watt, Century Junior Civitan (ID)

The Installation of 2019-2020 Heart of the West Junior District Officers was done by Region 8 International Director, Ann McCarty. The Keynote Speaker was Pastor Jacquiline Thomas, Big Momma House Homeless Shelter.

After the meeting the Juniors did a variety of Service projects for the Big Momma House. Saturday night the Juniors went to the Lava Hot Springs to soak in the Hot Pools and have dinner. Sunday everyone headed home. It was a great convention. Next year the convention will be Las Vegas' turn to host the convention.

International Junior Civitan Convention

Incoming HOTW Junior Governor Cody Crabtree and John Whitby, incoming HOTW Junior Chair, will be attending the convention in Herndon, Virginia (Greater Washington D.C. Area) on June 20th -23rd, 2019.

Dance-a-thon update: Leah Van Horn has raised \$1685.00 for CIRC and will be going the Junior Civitan International along with Cody and John.

Below are the changes to Sno-Do for 2020 from Junior Civitan International

Civitan International's oldest and most successful program has always been Junior Civitan International. The program has birthed thousands of young leaders and allowed them the opportunity to serve their community alongside others who want to make the world a better place. Much about the program has been reviewed over the past two years to ensure our investment in it is truly fulfilling the mission of the organization while protecting its greatest resources, which include the teenagers involved in Junior Civitan.

Last year, it was decided Dance-a-thon had to be retooled because we were spending more money on the participants' travel and lodging than necessary, and that the formula of the event wasn't bringing in the most money it could for the cause. For that reason, Dance-a-thon will debut in combination with the Junior Civitan International Convention this year, with a new fundraising structure.

Changes were also carried out in the past year for Sno-Do, a more than 40-year-old tradition of Junior Governors gathering in Canada for a snowmobile adventure and some leadership training. These changes were to abide by legal guidance regarding housing of our participants, along with trying to help more money go to the cause, which is the Civitan International Research Center.

Those changes simply weren't enough. Our insurance advisers and legal counsel were still unsatisfied with the risks associated with some of the activities, advising us against conducting them. In addition, the money spent to take Junior leaders on a trip of this magnitude was not reasonable when this event overall is considered a fundraiser. Sno-Do 2019 still had a fundraising expense ratio of at least 25%, even with the changes we made last year, and garnering the most donations we have had in recent history. In the last five years, the fundraising expense ratio for Sno-Do has been as high as 55%. That's simply not acceptable.

For those reasons, the Civitan International Board unanimously voted to move Sno-Do and transform it to a different type of event for the Junior Governors, which would include aspects of fundraising, service, knowledge and fellowship. For the upcoming year (2020), the event will be held in Birmingham, Alabama.

What will this revamped event look like?

PARTICIPANTS

The Junior Governors and Junior Civitan International Board members will still be the attendees of this event. We will also still have the need for chaperones from each district.

ACTIVITIES

Many of the events will be super focused on Civitan's flagship project, including a banquet, a one-of-a-kind tour and other activities at the Civitan International Research Center. There will be a collaborative, super-sized service project. In addition, Birmingham is known for its role in the Civil Rights movement so an activity focused on diversity and inclusion will certainly be included in the weekend. One morning will be devoted to leadership workshops, and of course, there will be some fun mixed in. Think leadership forum, plus mission trip, plus up-close and unique experiences at the Research Center, and that will be the revamped Junior Governor event.

Will we still need to fundraise to take part?

Yes, this revamped event will still include a fundraising component. It's time to bring that portion of the event into the modern age, so we're looking at everything from a hack-a-thon to a trendy outdoor activity. World headquarters staff is currently reviewing what the future looks like for the fundraising minimums for participants, fundraising incentives, and the

actual structure of how the event will work. Overall our goal will be to send the most money we can to the Civitan International Research Center, without spending more than 15% on the expenses related to what we do.

Will the event be called Sno-Do?

No, we will be rebranding the event with a new name and fresh look.

When will this revamped event happen?

We will still conduct the event in the same time frame as the previous Sno-Do event. Optimal weekends include ones where we know schools would have three-day weekends, so less time in the classroom is missed to participate in this event.

Why Birmingham?

Back in March, the International Board asked world headquarters staff to examine different options for the event following financial and safety concerns. Along with Barrie, Ontario, Canada, three other sites within the continental United States were explored (two more seriously). It was decided due to a lower expense ratio as well as less risk, Birmingham would host the inaugural, revamped event.

The beneficiary of this fundraiser is located in Birmingham, and Junior Civitans take great pride in supporting the Civitan International Research Center. Officials there are excited to have us, and have actually been wanting to incorporate Junior Civitan in new ways in their outreach efforts. In addition, due to relationships held in our headquarters city, we have the potential to bring in thousands of dollars in sponsorship to offset costs. We can also capitalize on some great partnerships with other non-profits, businesses, media outlets, and public officials in the area.

Sno-Do has been such a part of Junior Civitan. Are we sure we want to do away with a tradition?

We understand this change will be hard to comprehend, because of the event's history. We are thankful for the immense support the event has seen over the years, specifically those Civitans in Barrie, Ontario, Canada. We're hopeful the memories of Sno-Do will live on for those who have participated over the years.

But analyzing fundraising events and efforts is a regular process of any non-profit, especially one that desires to thrive and survive. Non-profits everywhere have fundraisers that have a life span of several years and then they are replaced with another. Unfortunately, the numbers don't lie and with the guidance we've received regarding the risks associated with how we've been carrying Sno-Do out, the organization simply can't afford for it to continue as it has in the past, especially in a very litigious society.

Why are we examining the expenses of our fundraising events so closely?

Everyone knows the less you spend on expenses, the more money you have to go to your cause when it comes to a

Why are we examining the expenses of our fundraising events so closely?

Everyone knows the less you spend on expenses, the more money you have to go to your cause when it comes to a fundraiser of any kind. The numbers mentioned above reflect direct expenses only and don't take into account staff time to support the event. Plus, the industry standard for what non-profits spend on direct expenses is 15 cents (maximum) or less of every fundraised dollar. We owe it to our members, and those who benefit from the work at the CIRC, to use these dollars in the most ethical and efficient way.

How does this affect the Civitan clubs and districts that sponsor or support these events?

Nothing is changing about the way adult clubs support their district's Juniors. These governors will still need your gracious support to take part in the event.

Remember, donations to this event can count as part of the Civitans at the Helm program. There will also be a new and additional way clubs will be recognized if they support this event in its inaugural year.

When will we know more?

More information on the revamped event for Junior Governors will be unveiled at the Junior Civitan International Convention. Information to Civitan clubs, leaders and members will shortly follow via e-mail and appear on our websites.

CIVITAN INTERNATIONAL RESEARCH CENTER

Dear Scarlet,

I just wanted to thank Civitan International and you for your continued support of the Civitan International Research Center (CIRC) and of me as the new Director. The additional check received this week will provide support to further the mission of the CIRC.

On a personal note, I am very excited to have the opportunity to work with you and with Civitan International. Over the last several months, it has been an honor to meet you, the Board, and various members around the country and listen as they share their enthusiasm about their association with Civitan and the Research Center.

The partnership between Civitan International and CIRC is invaluable. Civitan International should be proud as the CIRC would not be where it is today without the support of Civitan International.

Thank you for all you do. I can never thank you and membership enough for your ongoing support. I look forward to a long future working side by side with Civitan International.

Sincerely,

Craig M Powell MD, PhD

Director

Civitan International Research Center

District Liaison News

The Breakthru Golf Tournament will be held on July 2 in South Carolina. Supporting a Golfer for that tournament or sponsoring someone to participate in the Civitan Fest will benefit the Civitan International Research Center. Your contributions will be credited to Civitans at the Helm, so be sure to get those contributions sent in!

Many ask what contributions qualify for Civitans at the Helm. Just for clarification, I'll list them here. 1: Any donation explicitly directed to support CIRC. 2: The Annual International Golf Benefit. 3: Coin Box Proceeds. 4: Personal Gifts (be sure to note what club should be credited). 5: Sno-Do contributions. 6: Dance-a-thon contributions. 7: Civitan Fest.

What **doesn't** qualify: Candy Box Project collections, President's Council contributions, and Fellows Program contributions.

There is a new Fellows opportunity at \$5000. These Fellows will have their name on the wall at International Headquarters and CIRC. This is a "Builders of Good Citizenship Fellow."

Candy and Coin Boxes have been rebranded with new brochures and new display cards.

Fundraising Opportunities

Top Golf now is offering fundraising opportunities in some areas. Contact Jenny at Headquarters if you have questions about this.

Dale Rogers Training Center which supports people with disabilities. They drop-ship. Check the club resource section on the Civitan website for information.

Light the Way is a major gifts campaign for the purpose of creating a very important cash reserve for International. The goal is to make Civitan viable for years to come which our current "rainy day" reserve has not been adequate to accomplish. The recommended amount of reserve for a non-profit is an amount to cover all required expenses for a year. For Civitan, that amount is \$2 million. Contributions start at \$25,000 and can be paid off over a period of time. Contact Sharon Hessoun or Jenny at International for pledge forms or more information.

Are you a member of President's Council? This is an annual giving program to bring in non-dues revenue from charitable gifts. This money is used to support the programs that bring money directly into the CIRC, so it is an indirect support of CIRC. Heart of the West has many former President's Club members whose membership has lapsed. I hope that if that applies to you, you'll contact District Liaison Sharon Hessoun or Bonita at Headquarters to become a member again.

Heart of the West | District Convention August 9-11, 2019 in Idaho Falls, Idaho Registration Form | one attendee per registration form

Heart of the West Club News

Area 1, Director Lyn Barefoot

An Area Meeting was held on May 11. We went to the U of A Baseball game again this year. Last year we all got burned because it was during the day, this year the game was postponed because of lightning and rain half way through the second inning. Perhaps next year I will plan something different.

Phil Schlesinger Club: Many of our members belong to the Tucson Parks and Rec Bowling League. This League is a competitive League and at the end of the year a banquet is held where they give t-shirts to everyone who participated and then trophies to individuals for high games etc. This year Phil Schlesinger went crazy and Sharon Kennedy got a trophy for most improved, Gary and his team came 3rd overall, Ken and Paul's team came 2nd and Ian and his team got 1st place. We are looking forward to next year. We are planning another Bowling fund-raiser in August.

Old Pueblo: President Robert "Bob" Shoun: This quarter Old Pueblo had their usual monthly dance and in May it was a Prom theme and most everyone dressed as if they were going to their prom. Everyone had a great time. Late in the month they helped serve the Parks and Rec Italian dinner for their Bowling banquet.

Cresta Loma: President Carl Mangelsdorf III: This Club loves to golf and give away money. This is a no brainer statement. It was the 29th Golf Tournament at the Rolling Hills Golf Club. Sponsored by Cresta Loma, Roadrunners and attended by Phil Schlesinger Club and John Maddox from Metro Club. Carl gets great prizes! Once again this year they passed around a container for donations to Phil Schlesinger's Penny Fund. The winner of the Tournament donated half his winnings to the cause. P.S. Club ended up with \$145. They were very grateful.

Roadrunner Club: President Jim Martens: Several members worked the day of the 29th Annual Golf Tournament sponsored by Cresta Loma and Roadrunner Clubs. The clubs split the proceeds with each club receiving about \$1800. A new project is volunteering once a month at Beads of Courage which provides special beads for children undergoing treatments for cancer and other chronic diseases. A very successful Recruitment Meeting was held in May, yielding SIX new members. A 7th new member joined in June! That is an increase of almost **50%!**

Area 2, Director Maggie Adams

Phoenix Metro: President John Maddox: Metro has been busy as they all worked hard on building a new club that chartered with 32 members. Their main focus has been working with the Phoenix Bird Club and building the new Village Club. Examples starting with the Italian Dinner, then came the High Tea and the helping to celebrate Barney's night and the Founders Day and closing the year with Mary Grace's birthday at Organ Pizza. All except two are Fundraisers to benefit Lura Turner Home residents. We also have worked on the gardens at Lura Turner Offices as helping DTA become more self-sustainable by providing vegetables to the homes and community. We will end this year with a social at Sherry Rindel-Larsen and Steve Winden's home.

Phoenix Bird Club: President Dan Rich: Ester Alpers and Lantz Kleckner both worked hard for 6 weeks in coming to pre charter meetings and help recruit people to the club. Because many of the members are also residents in Lura Turner Homes they attend both functions. This year the members have worked the following events: Italian Dinner, High Tea, Barney's Night, Founders Day, Mary Grace Birthday Party at the Organ Pizza, and will be having the year end party June 18, 2019. They are all looking forward to camp this year in the cool pines of Payson. They are sending 4 to District convention this year.

Sun Cities: President Michelle Sniezek: The club has two new members and is looking for a continued great year. They break for the summer. Michelle Sniezek has some great plans for the next year.

The Village Club: President : Jason Levy : Welcome to Heart of the West District's newest club, chartered on May 2. They meet twice a month on Thursdays at 2:30. At present it is the 2nd and 4th Thursday but in August due to District Convention will be 1st and 3rd. The Club is being guided by Metro members in procedures and how to run meetings. They have their first Service project this week making Summer Totes for the homeless. They have set their goals for a fun and busy year.

Area 4, Director Mike Ryder

London Bridge Club: President Christine Bergen: The members have been very busy as usual! They continue to support area Special Olympians with coaching and attending events, including the State Track & Field competition in Phoenix May 3-5. Their 23rd annual 100 Degree Day Contest concluded with five winners, each receiving \$100. Two of those winners donated their winnings to LHC Special Olympics. Their first day this year was on April 25. A big annual project for them is welcoming the Journey of Hope Group on June 19 as they stay overnight in Lake Havasu on their journey. The London Bridge members provide drinks, chips, water bottles, ice cookies local post cards, and anything else needed for the luncheon

Civitan Club on the Greens: President Mike Ryder: They are finalizing their plans to participate in the International Breakthrough Golf Tournament. President Mike will be participating in South Carolina.

Lovely Ladies: President Elaine DeFelice: In April, their big successes included a Beeping Egg Hunt for the Nevada Children's Blind Foundation on April 6th and the Hop n Bop at Tivoli Village for Sunshine Nevada Foundation for kids with autism. One of the members organized the Mount Charleston Revel Racing fundraiser event at the Cox Pavilion. They have some ongoing collections of socks, books, games and school supplies for the Nevada Youth Network. A Norwex fundraiser is upcoming.

Area 5, Director DeeAnn Wilson

Our Area 5 and 6 Area Meeting was held May 4, in Pocatello hosted by our Area Directors Deann Wilson and Rocky Deschamps. My own three clubs and myself have been very busy preparing and completing our great events: Revive @ 5, Camp Taylor Maintenance, Camp Taylor Camp Out for Adults with Disabilities and Youth Seminar.

Bannock Civitan: President April Hansen: We participated in Civitan Awareness with our proclamation being read by the Mayor of Pocatello. We had a very successful Recruitment Luncheon with 15 people joining us for lunch to learn about Civitan.

A group of Civitans helped out with the Environmental Fair as well as Urban Invasion Relay Race.

On May 8th we surprised Steve Sekot of Chubbuck Elementary with a Servant's Heart Award.

We are in the final planning stages for Revive @ 5. We will be ready for our summer fun starting on May 22 and continue this event for the next 15 weeks.

Memorial Day weekend we will be cleaning up Camp Taylor and getting ready for the Camp Out for adults with disabilities on May 31st.

We are also preparing for Youth Seminar.

Friends Civitan Club: President Skylar Cody: In Feb and March, they filled 1000 eggs for Head Start Program and delivered Valentines to Care Centers. President Skylar Cody got a 1st member pin and an LST pin. President-Elect Peter Gollnick got an LST pin and Past President Leslie Kidney Received her LST. Congratulations to all of you for those accomplishments!

In April, the club made personal item bags for SEICCA. In May, 8 members attended the Area Meeting. Friends hosted a Prom May 10 at Newday Products with over 50 attending. They awarded Priscilla Wheatly the Servant Heart Award at the Prom. She has worked with people with disabilities for 25 Years.

The crew is gearing up to sell pop, water and ice cream at Revive @5 starting May 22.

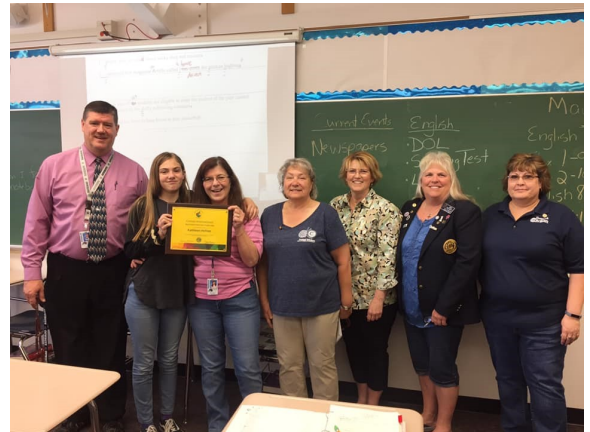

The Camp Taylor Camp Out is May 31-June 2

Twisted Stitches: President Teresa Wakeman: At our May 8, 2019, meeting, our officers for 2019-2020 were elected.

New member to Twisted Stitches Lori Austill attended our May 8 Meeting. She received information about our Club at the April 21st Environmental Fair, where we handed out flyers and sold raffle tickets for the Spring Basket. The May Service project was crocheting or knitting Cancer Ribbons for the June 19 Survivor Reception at Meridell for Relay for Life.

The Twisted Stitches gave the Civitan International Servants Heart Award to Kathleen Hefner, a teacher at Franklin Middle School.

We will continue to make hats (adult, kids, and babies), scarves, potholders, scrubbies. These items are always needed at Bannock Youth House, Aid for Friends, SEICAA Seniors, and now maybe the new Mental Health crisis center.

Area 6, Director Rocky Deschamps

Our Area 5 and 6 Area Meeting was held May 4, in Pocatello hosted by our Area Directors Deann Wilson and Rocky Deschamps. My own three clubs and myself have been very busy preparing and completing our great events: Revive @ 5, Camp Taylor Maintenance, Camp Taylor Camp Out for Adults with Disabilities and Youth Seminar.

Idaho Falls: President McKayla Matlack: The Idaho Falls Civitan Club is healthy and strong. They recently had elections and had candidates for all offices except one and Treasurer Brad Brady wanted to continue for an additional year. Board of Directors had 10 candidates for 4 openings. I feel a lot of clubs would like to have that opportunity. They have been working hard at reducing their excess financial revenue that has built up for years. They had a successful indoor golf tournament and are preparing for the 17 week Alive after Five. They had a clergy week program, Civitan Awareness, and a very successful recruitment meeting where they show a net gain of 20 members for the year. Their total membership is **142.**

Projects continue to amass. The latest one is the Legacy Park project where they have partnered with the City of Idaho Falls to build an amazing playground.

Hearts and Hands: President Brent Shields: This club continues to gain members and do great things in the community. Recently they stuffed 3,000 plastic Easter eggs and cleaned leaves and trash from parts of the local zoo. In May they will be sorted canned food from the recent food drive. They walked dogs and petted cats at the animal shelter. For a more social event they went to the aquarium where had lots of fun was had. Membership is at 36, up 8 from the start of the year. This year they have had some additional help from a few advisors that has shared the work load a bit.
